

Civic Action Project

A Web-Based Practicum for Teaching Government

With generous funding from the Annenberg Foundation, Constitutional Rights Foundation has created the Civic Action Project (CAP). CAP is designed to promote effective citizenship among high school government students through the curriculum and a free interactive web site that features:

- Standards-based lessons.
- CAP Planners that guide civic actions and facilitate project-based assessment.
- Student Blog and Discussion features for students to share opinions and actions as they complete their CAPs.
- Teacher Talk designed for teacher feedback and interaction.
- Downloadable versions of the CAP curriculum, teacher-created resources, and more!

Through the readings and interactive activities provided by CAP, students learn how government content applies to policymaking at the local level, how policy is made and can be influenced, and practice effective citizenship that addresses problems and issues that they care about.

Visit the CAP web site to request your free user account now!
